

**you need:**

- bean
- two 1–6 dice
- counters

# Missing twos

 for 2 players**First of all**

Put the bean on 0.

**When it's your turn**

Roll the dice and say the numbers.

Choose one of the numbers.

Move the bean that many steps.

If you land on a circle where the number is missing, say what the missing number is.

Take a counter.

**The end of the game**

Go on until both players have collected at least 10 counters.
